

# 600KG TELESCOPIC LIFT VERTICAL TRANSMISSION JACK - VLT6

---

## 600KG AIR OPERATED TELESCOPIC LIFT VERTICAL TRANSMISSION JACK

Item number: fbd7939d6749

## DESCRIPTION

0.6 Tonnes Transmission Jack with Pneumatically Controlled High Speed

- The 3 stage telescopic cylinder ensures a very low minimum height.
- 5 legs offers the best stability on the market.
- Simple operation by use of 3 pedals leaving both hands free working.
- Pneumatically controlled high speed guarantees quick and efficient lifting.
- Large and robust swivelling wheels (2 with locks) offer optimum manoeuvrability.
- Built-in safety overload valve.
