

WMGT2

2 TONNE STANDARD TROLLEY JACK

Item number: a5771bce93e2

DESCRIPTION

A new Trolley Jack in the Eurorange designed, developed and manufactured to meet the demands of modern day garages while still maintaining a key focus on the safety of the user.

- Max lifting height of 460mm
- Greater lifting speed. Lifts 20% faster than previous versions in the Eurorange in terms of approach and when loaded
- New PATENTED mechanical safety system that prevents accidental lowering. Should this happen, the lifting arm locks at 320mm from the floor
- includes Rubber Saddle Cushion as standard
- Foot pedal for quick approach of saddle to load
